System-based solutions

All the elements of WIŚNIOWSKI fences are part of a functional system which, just like modules, can be freely mixed and matched, depending on your preferences or plot layout.

Sliding gates

What kind of property? A sliding gate needs more space on the sides of the entrance, which is why it will be perfect for properties with a wide front.

Single- and double-leaf gates

What kind of property? They don't need space on the sides, but take up more space between the entrance and the garage. This is why they are recommended for narrow, but relatively long driveways.

Folding gates

What kind of property? They combine the advantages of sliding and double-leaf gates. Thanks to their structure, they don't take up too much space. Perfect for narrow and short driveways.

Colours. Textures

Colour is the first feature our senses react to. We made sure that each of our customers can find the exact colour they are looking for. Our gates can be manufactured in RAL palette colours and the unique HOME INCLUSIVE colours – together with our range of textures and additional decorative elements, this gives you hundreds of options for a tailored solution.

LUX AW.10.54

Special coating

Standard colours

Special colours

Take advantage of the unique possibilities provided by the original, proprietary WIŚNIEWSKI brand palette: **HOME INCLUSIVE**. It includes over a dozen colours with a metallic finish and stunning 3D depth.

HOME INCLUSIVE 2.0 colours

LOUVRE CUSTOMIZATION

With the louvre customization option in models AW.10.228, AW.10.229, and AW.10.230 (in the gate, wicket or segment), you can add a unique character to your fence.
